Removing malodor From Laundered Items and Process for Making &
Using Same

RESPONSE TO OFFICE ACTION SUMMARY DATED MAY 6, 2003

Commissioner for Patents

P.O. Box 1450

Arlington, VA 22313-1450

Dear Sir:

INTRODUCTORY REMARKS

This is responsive to the Office Action dated May 6, 2003. The Office Action indicates that the reply filed on February 12, 2003 is not fully responsive to the prior Office Action on the basis that:

1. The status indicator for Claim 1 should be changed to correctly read "(Currently Amended)". Applicants have corrected this.
2. The status indicator for Claim 11 presently reads "(Withdrawn)". Applicants have corrected this to read "(Original)".
3. The status indicator for Claims 12 - 20 presently reads "(Withdrawn)", however, page 7, lines 13 - 14 of Applicants' February 12, 2003 response states the claims should be cancelled. The status of Claims 12 - 20 is correctly indicated as "(Withdrawn)" as these are non-elected claims that are still pending in the application.

Applicants wish to thank the Examiner for noting these deficiencies. Applicants have corrected them accordingly and are resubmitting the corrected February 12, 2003 response herewith.

Procter & Gamble - I.P. Division
